GOD DAMN THE PUSHER MAN!!

The World

by Jim DeLong

The world is round
With a thundering sound
Goes and bombs
Charles and Uncle Tom
Helping to tear this
corrupted world down.

Let's burn the land
Plant a flag a flame
We must fight
Self destruction in the plan.

It's time to do your thing
The young ones sing
Shoot dope and take pill
Harvey Harvey for the
Abortion bill
This world is in a
terrible fling.

Chaos, madness and confusion
Stop dressing, it's not a
Deduction
Bleakly get your gun
Whiskey better run
But all will be destroyed
In the conclusion.

Let's escape to the moon
The world will be far soon
Fright, kid
Peace to man and good will
This world is exploding
like a balloon

Taking a trip on that
psychotic line
Children striving for
something to eat
Please stop the draft
Take a terrible nap
Stop the war and retreat

This world was round
Now it's tumbling down
Kiss, kiss
Take the pill
Broom Bash, what a hideous sound.

Interview Workshop

A four-session series of Interview Skills Workshop will commence Tuesday, March 31 at 2:30 p.m. in Room 1201.

The series is designed to help the participants develop confidence in an interview situation. Information will be given on the "World of Work" and the availability in the Newark area. The "techniques" or "skills" of interviewing for jobs and college transfer will be explored. Participants will have the opportunity to "role-play" interview situations and analyze themselves through the utilization of video-tape. The series is open to students, staff and community. The schedule for the series is as follows: Session No. 1 - March 31, Tuesday, 2:30 p.m. in Room 1201; Session No. 2 - April 7, Tuesday, 2:30 p.m. in Room 1201; Session No. 3 - April 14, Tuesday, 2:30 p.m. in Room 1201; Session No. 4 - April 21, Tuesday, 2:30 p.m. in Room 1201. Video-tape on interview techniques; role-playing an interview situation; Session No. 4 - April 21, Tuesday, 2:30 p.m. in Room 1201. Video-tape on interview techniques; role-playing an interview situation overview of

Solitude !!!

Did you know that there is a place in E.C.C. where it is actually possible to read a book or listen to music in quiet solitude? This is not a myth but a fact. Mr. Charles A. Larkin, who is an Assistant Professor in the Humanities Dept., teaches College Developmental Reading. Last semester, he and 2 of his students, Joanne Strawick and Susan Bankowski, got together and started this reading room. Mr. Spelman appropriated \$20 so that the room might be painted. An additional \$50 more is needed desperately. This money could be used to replace the old rug with some good floor tile. In order to fully complete the reading room, a few pieces of furniture are also needed such as, 1 chair, chairs, 2 good lamps, 2 small tables and 2 writing stools.

The room itself is decorated

with shrine posters and a record player. Records will be made available for listening with earphone. The reading room now featured 11 different magazines, 4 newspapers, and over 650 books. Since last semester, the number of these periodicals have dropped drastically. Contributions of old books and furniture are now needed. If anyone wishes to contribute, please contact Mr. Larkin in the Humanities Dept. at extension 285. Mr. Larkin is very deeply concerned with the growing reading problems of the E.C.C. student. He wants to see small cubicles installed in the hallway for reading. Each of these cubicles would have paperback books and small music. The reading room is located on the 3th floor behind the mural section of the reading laboratory.

Take A Breath, its ???

by Bob Weiner

Traveling south on the Turnpike, about five miles from Newark Airport, I looked up from the road to glance at the local scenery. The area that surrounded me was the great New Jersey of the Turnpike. The air was crisp and clean, for the great old company had closed its operations for the weekend. The large towers that had the day before belched their poisonous smoke into the atmosphere were still mounds of men's technical advancements of our world-to-day. The complex was still, the air was clear, but the smell of pollution still hung over the area.

The smoke that filled the city of Elizabeth and ventured its way to New York was gone but the smell was still there.

Traveling further up the pike to the northlands of New Jersey and Newark Airport. In the background the city of Newark could be seen in a mist of gray death. The city had been engulfed by this gray death blanket and all around the city the men were shivering and the air was crisp and clean.

From the airport, a jetliner climbed into the sky and flew out over the city. The symbol of man's advancement powered out from its low jet engine in a cloud

test and for job placement.

All interest persons please contact the Counseling Division, Room 301, to complete information forms.

of gray smoke that slowly blanketed into the gray mist that had once been the air of Newark.

Now beautiful it is to take a ride on a sunny Sunday afternoon.

ECCO Elections

Dear Essex County College Students:
The elections for City Councilmen and Mayor of Newark will be held May 12, 1970.

Newark needs responsible, responsive government. Newark needs a government that is strong to the Newark Body of Newark as well as its citizens and taxpayers. Newark hasn't and does not have that kind of government.

We believe that with the elections in May we can bring Newark into the 1970's but we need your help in order to accomplish this.

Could you meet with me at my Headquarters, 39 Central Avenue, Newark on Thursday, March 26 at 3 P.M. to discuss how you might participate in this struggle so that both you and your city might benefit? I shall look forward to meeting with you. Thank you for your interest in our city. Kindest regards, I remain,

Sincerely
C. Theodore Placitky

Two Weeks After

by Horace Pennington

The following is a survey of reactions to the painting of the 8th floor.

"You don't have to say anything, it's understood." Marcodes Valls French.

"We should do it to the rest of the school." Bill Wittigsohn.

"I like it but I wouldn't want to eat there." Shirley Hinchelwood.

"I think, deplorable." Walter Schults-ECC staff.

"It's wild." Russ Rogers-ECC Staff.

"Totally, unequivocally insane." Joe Skelly-ECCO staff.

"It certainly shows that the people who painted it felt, but it's not my aesthetic taste." Gilbert Gaudy.

"Out of sight, would like to have been there." Harvey Traister ECC staff.

"I think it was very good but they should have left an unopened section for the more conservative students." Price Goodysohn.

"It's a wonder world of color." Ed Daniels-ECC staff.

"I think there was a mistake." Ben Pinsky-French.

"Different strokes for different folks." Jackie Goff.

"From a religious point of view, the remarks of Sister Frances Cline 'It's a nightmare, I don't approve'."

"It smacks you in the mouth." Tony Gaudy.

"It's very nice but a lot of these phrases shouldn't have been used." Herman & Brain-ecps.

"It looks like the administration is trying to reach us, but it's a phony." No name.

"I love my school." Leo-French.

"A lot of past up emotion released here, it's had on my eyes,

looks like the village." No name.

"Anything was an improvement." Tom Mancuso.

"No good, it would be all right in a restaurant house, but not in a school." Marcodes-French.

"It was unexpected." Jimmy-ecps.

"It's hideous." Debra-ECC staff.

"It's depressing." Regine-ECC staff.

"It's weird." Jane-French.

"It's a disgrace." No name.

"I thought it was an artistic job." Ed Daniels.

"I liked it, I would like to see them finish it, objected to writing on windows and shades." Griffith-French.

"It was really unnecessary, how long is it going to be like that?" Leoni-Cole, ECC staff.

"I feel very sorry for the students who participated, because to me, it was a symbol of extreme frustration, and I think they must not understand."

Mrs. Greenberg-staff.

"Innovative, different, and quite strange." Brown-French.

"You guys really went to town!" Mowatt, adjunct faculty.

"My first impression was great, my second and third were even better." Jerry Lieberman-administration.

And last but not least, a comment from our health service Director Dr. Kieglow.

"A psychodynamic analysis of the painting is a condition of mental health."

"Translating color impression resulting from sensory stimulation which produces sudden mental health and hopelessness are standardized testing is a condition of mental health."

Crosby-Sills-Mash and Young

by Michael Sullivan

There is a nice vocal, warm, subtle country harmonic and effective playing from the rest of the band.

Almost Cut My Hair is a heavy blues rock features solid guitar and organ playing, get loud playing from the rhythm section and a gutsy vocal from Crosby.

This song was composed by David Crosby and is one of the heaviest cuts of the album.

Holmes is a pretty country blues written by Neil Young. This track features an emotional vocal from Young, solid guitar work, pleasant harmony and a beautiful performance from the rest of the band.

Woodstock is a solid rocker which features heavy guitar, bass and organ work, solid drumming and a gutsy vocal from Sills. This is the only one original song on the album. Woodstock was written by Joni Mitchell.

Deja-Vu is a smooth track which features excellent guitar playing, fine bass playing, a good vocal and complete harmony.

Over Heaven is a pretty song, written by Graham Nash, which gets a nice performance from the band.

4 and 20 is the only acoustic song on the album. It is written and played by Sills.

One of the best songs on the album is written and played by Sills.

One of the best songs on the album is written and played by Sills.

One of the best songs on the album is written and played by Sills.

One of the best songs on the album is written and played by Sills.

**THE ECCO
SENDS ITS WARMEST
CONGRADULATIONS
TO
DAVID MARK CROOMS
AND
YVETTE MARIE HILLMAN
ON THEIR MARRIAGE
OF
MARCH 28, 1970
GOOD LUCK !!!
(YOU'LL NEED IT)**

Apathy

by D. Gary Lucione

Essex County College is rapidly approaching its second anniversary of being in existence. For two years, students have been overflowing the halls and classrooms of E.C.C. For two years, the faculty has been spreading knowledge to a large mass of people. For two years, the students have been operating the different functions of this college; and for two years, student apathy has proven to be an ever-existing problem.

The apathetic mood of the student body of E.C.C. is a disgrace, not only to the institution but also to the community. This statement is not being expressed on hypothetical happenings which might have occurred, and might have prompted this writing, but it is being related to you because there is substantial, factual evidence which clearly shows that student apathy is one of the largest problems in Essex County College today.

Follow students, I am ashamed of you! You have done nothing as yet, you, a student body, you have not backed any movement within this school as a massive group and you have not shown any support to athletic events or social functions sponsored by Essex County College. There are many reasons examples of apathy which have occurred under our existence, but the most recent reason lies in the field of sports. For those of you who didn't know, Essex County College has not played two basketball games of great importance. The first one was in the Garden State Athletic Conference Championship, the second was in the play-offs of the Region 19. If we had won in the Region 19 we would have gone to Kansas for the NCAA Championship. However, we lost both games, even though our team played their hearts out. I can write about these two games because I was there. So were fifty other students. Yet, I said fifty. Fifty out of thirty-five hundred. If that isn't apathy, then I would like to know what it is. Oh yes, I was also one of the two "white students" that showed up!

Of course, the student apathy is the fault of the students, but I haven't seen the Student Government setting up any program to alleviate the problem. I haven't seen the faculty wholeheartedly support any function given by this school and try to better the situation. A couple of weeks ago this reporter sat with the present acting President and told him of the problem. I suggested an interclass system within the school so students and faculty could be made aware of what is going on in the school. He immediately phoned the maintenance department and ordered the system. As of this date, I have seen no work on it.

To run up, if this school ever wants to overcome the problem of student apathy, everyone and anyone connected with this school has to pool together all their strengths and work together.

Memorandum Free Form Radio

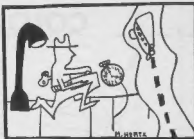

by Gene Outas

The major objective of our free form radio is to acquire an FCC license and begin to broadcast our shows to Essex County and neighboring communities.

We recently purchased a new turntable, a microphone, new records, and other basic equipment. We are now awaiting the completion of a soundproofed studio. The studio is being built through the cooperation of the administration without whose help none of this would be possible.

Our basic problem is money, as getting a license and other necessary equipment is quite expensive. However, we have the solution. We plan to have three concepts. These concepts will be held during the months of June, July and August. Their purpose is to offer entertainment to the public, to establish a good reputation for our college, and to help certainly and, to raise money for our goals.

For all three nights our guests will include: The Ike and Tina Turner review, the Delphicans, the Jagers, Chatterbox, the Board, the Doug Hawthorn quartet, the Moments, Nile Life Underground, Whilly and the Magnificent, and the Grate. As for last Friday night there is the Temptations, Tim Wheel Drive, possibly for Jann Jones.

By Melody Hurt

Machines flock to symbolic signs, and heard the bus in triple lines and heard the bus in double lines and heard the bus in single lines

The Main Machine is not a Gert! Although you know, he's real mean! For all day long in there is spent with window, and a window read

And up the steps of many feet they fly! A start, and find a seat and some you know, are very sad but always, monotonous repeat

Thus Main Machine shifts to full gear! Back pointed front, but still in gear! In changing parts in order line To fill the still, a sound to hear

And on and on the bus moves on through honking horns and walking through And some of those they look upon With others, whom it took, read on

And chairs on wheels who add their clip are nice to hear "Oh, there's my stop" For gathering things as not to drop Ready the ticket to hand to stop

And as you are about to rise you face a sea of staring eyes They watch you go without a sound you jump, you're free, and homeward bound.

Facts About Welfare

by Jackie Newby

Federal Welfare was created in 1933 by the government, during the depression, under the Social Security Act. It was supposed to be at the time created, temporary, but instead the role of welfare grew and grew, so much so that it's considered now to be a disastrous monster.

About 6 years ago the victims of the monster started an organization called "Welfare Rights of Essex County". This organization tried to find ways to help others and get effective changes.

Like Malcolm X states in his

book, "I for one believe that if you give people a thorough understanding of what conditions there are and the basic causes that produces a, they'll create their own program, and when the people create a program you get action."

This is just what happened to the recipients. The system was getting so bad that the recipient was asked to work out a solution or just suffer. Each in their own mind for recipients to understand the technology of the Welfare Board, the rules and regulations in the Categories Assistance Manual (Our Bible) What was the

restrictions on the case worker, such as, could she come into your house, and search a few inches of a man's arsehole? Well, knowing these things we have been most effective in getting some changes in the system. You can't imagine how good it made a recipient feel, to tell a case worker, what the regulation says or he can't do, without having to worry about their checking being cut off.

Some of the myths and facts about welfare are:

1. Myth - Most of the welfare roles are filled by Black people. Fact - Seventy percent of the poor in this country are White people.
2. Myth - This country's poverty is exclusively an Urban problem. Fact - More than one-third of the poor live in rural areas.
3. Myth - The money the poor get from welfare is spent foolishly on luxuries.

Fact - The recipient has little money for luxuries. The President's Commission determined that a family of four with a monthly income of \$164 (\$3,408 a year) spend at least 39 of it for such basic necessities as food, housing, public transportation and clothing. Personal care. This leaves almost nothing for emergencies, medical care or insurance, but it mentions such items as a bed or school supplies.

The food budget for a family adds up to \$1 a day per person, an amount that is too low for a nutritionally adequate diet, according to the U.S. Department of Agriculture.

Myth - Any improvement on welfare would further drain taxpayers and the economy.

Smith; A Converter??

By Michael Schwartz

On Tuesday, March 19th, the second edition of the peoples' second paper came out, with the same stuff which has been instrumental in setting a plague of discontent upon J. Harry Smith.

In this edition of the peoples' second paper, it states that Mr. Smith has achieved a biological improbability, he's converted white. Assuming this is something derogatory, we must also assume or be willing to assume that all we have to do, to remove someone we don't like, is to bring some chemical out of our system and then we have it, he's out, WOW, oh boy, what fun!

This being the case, a truly insane idea has been announced by all of us.

What I am doing or trying to do is make the joke of the color conversion of J. Harry something dangerous to the reader as well as the writer, for none of the so-called disgusting things come from the same kind of jokes. For speaking of the Ku Klux Klan, it was a joke in the beginning, but has turned into one of this countries truly disgusting ASSUMPTIONS. I hate to patronize the "yellow" but here goes, "SOME OF THE WORST THINGS TODAY ARE THOSE PROCLAIMING THAT THIS IS A RACIST SOCIETY."

Signa Chi Gomo

On March 22, the Signa Chi Gomo Fraternity sponsored an Easter Egg Hunt for the children of Saint Peter's Orphanage on Lyons Avenue in Newark. The Fraternity was accompanied by Mrs. Queenie M. Collette Taylor from Jersey City State College.

The Sisters are on staff duty to promote brotherhood and are planning similar outings with community associations in the near future. The head of the orphanage Sister Leo Coffa was deeply moved by the Signa effort to make the children happy.

COLOR ME STYLE

Get ready for the "Longette" because it's the next best thing to happen to style. LONGETTE is geared to the women who want to appear taller. To short girl's it is a challenge, depending on her proportions. Longettes are direct reflection of the styles worn in the 30's, 40's and mid 50's. Personally I approve and like the longette in women wear because, for one it's a change from all the bad looking legs and things I've seen since the birth of the "Mini's". Also longettes give a man the chance to use his imagination more in determining the inside story of the garment. Before I got my head chopped off by every FCC male let me also say the Mini's are out out, neither is the Maxi and Mid-Calf. Now we will have variation in dress lengths.

After all there's only 3 things that can be done with lengths either they go up—down or off—smile Ritchie

Student Governments' Constitution

The Constitution presented is that of the Student Government of Essex County College. A draft of this constitution was drawn up by the Chief Justice during the summer of 1969. This was revised several times during the fall semester by the Executive Board and the Constitution Committee. The Judicial section of the constitution was by far the longest and most difficult section to prepare, since it had to be established with the consent of the Dean of Student Affairs in order to insure a viable and lasting disciplinary system. In the beginning of the winter semester, the constitution was completed and presented to the Student Council for their consideration on Feb. 17, 1970. On Feb. 24 there were amendments added to the constitution and a final affirmation vote of ratification was taken. The constitution is now ratified provisionally and requires the ratification of the student body to become official. The Constitution is scheduled to appear in the Student Bulletin for a vote during the Executive Board elections to be held this month (April, VT).

THE CONSTITUTION OF THE STUDENT GOVERNMENT ASSOCIATION OF ESSEX COUNTY COLLEGE.

We, the students of Essex County College, in order to provide the best possible educational experience, do hereby establish the Student Government Association to ensure the full participation of students in the college's decision-making and to guarantee the college's role in improving the conditions of life in the Essex County community.

ARTICLE I

This Constitution shall serve as fundamental law for the Student Government Association of Essex County College.

ARTICLE II

Membership

The Student Government Association shall be composed of all the students enrolled in Essex County College.

ARTICLE III

Executive Authority

All Executive Authority and duties shall be vested in the Executive Board of the student body, which shall consist of the President, Vice President, Controller, and Secretary.

The President shall chair all meetings of the Executive Board, (committee chairmen shall be elected from among) and execute legislative orders by the Student Senate. The President shall be the primary representative of the Student Government Association.

The Vice President shall assist the president in the execution of his duties. The President shall delegate to the Vice President specific duties and authority. Representative(s) shall be elected for limited to Faculty Association Section 4.

The Controller shall be responsible for the administration of the Student Activities Budget and shall keep complete records of the Student Activities Budget. Its assets, liabilities, income, and expenditures. The Controller shall be prepared to give a financial

report within fifteen days upon request of the Executive Board or a majority of the Student Senate. The Controller shall serve as the Student Senate Representative to the Office of Student Affairs.

The Controller shall have an Assistant Controller elected by the Senate, who will assist the Controller in the performance of the Controller's duties listed in Article III, section 4, and when the Controller shall be unable to perform said duties. The Assistant Controller shall do so.

The Secretary shall keep minutes of every meeting of the Executive Board, keep minutes of every session of the Student Senate and prepare copies of said minutes, for (1) the Director of Student Activities, (2) the Executive Board, and (3) the Student Senate. The Secretary shall also keep complete records of all legislation passed by the Student Senate.

The Treasurer shall have an Assistant Secretary elected by the Senate. The Assistant Secretary shall assist the Secretary in the performance of the duties listed in Article III, section 4, and when the Secretary shall be unable to perform said duties, the Assistant Secretary shall do so.

The Executive Board shall meet every week. In case the President is unable to perform his duties due to illness, resignation, or impeachment, the Vice President shall run from the Vice President to the Controller and from the Controller to the Secretary. Should there occur a vacancy in the President, Vice President, Controller, or Secretary, the senate shall elect people to replace departed members of the executive Board.

The Executive Board shall be elected by the Student Government Association on or before April 25th, within the first meeting of the Student Senate. The office for Executive Board members shall be one calendar year. Procedures for Executive Board Elections shall be set by the incumbent Executive Board and the Student Senate with the approval of the Office of Student Activities. Candidates for the positions of President, Vice President, Controller and Secretary, must be members of the Student Government Association carrying at least twelve credits each semester and maintaining a cumulative grade point average of 2.0. No Executive Board member shall hold office in any student club or organization for the duration of his or her term, although Executive Board members are free to participate in any club or organization.

The Executive Board is empowered to implement decisions of the student senate. The executive board is not a policy-making body.

Decisions of the Executive

Board may be overruled by a majority vote of the student senate.

ARTICLE IV

Legislative Authority

All legislative Authority shall be vested in the Student Senate, which shall consist of the Executive Board and representatives of the Freshman and sophomore classes who shall be known as senators. The number of Senators shall be proportional to the number of students in the college. The formula for proportional representation shall be one senator for every two hundred and fifty students, with the number of Senators for each class not to exceed a maximum of fifteen. The Student Senate shall be approved on or before the last day of the first week of each semester by a majority of the full student body by the Chief Justice.

The President shall chair the Student Senate sessions and shall preside steadily when there is a tie. The other members of the Executive Board may vote at Student Senate Sessions and are to be credited in the determination of quorum.

All members of the Student Senate shall possess one vote and a majority of the Senate shall constitute a quorum. Roberts Rules of order shall be followed at every Senate Session. The Student Senate shall sit in session at least one day every two weeks, although portions of it (i.e., recesses) may occur within this period. The Senate shall be called into session by the President. The President may call emergency meetings of the Senate upon forty-eight hours notice to the Senate members. A petition signed by one third of the members of the Student Senate calling for an emergency meeting, and introduced to said meeting, shall require such a meeting to take place within forty eight hours.

A majority vote of the Senate must be of those present and voting. A majority vote shall decide all legislative proposals and main motions. A two thirds vote shall be required for the election, membership of the Senate.

Section 5

The Student Senate shall have the Authority to make laws and resolutions binding on all students and student organizations. A petition signed by twenty-five percent of the student body will subject a legislation passed by the Senate to a referendum vote by the entire student body.

The Senate shall have the Authority to appropriate funds and pass final approval on the Student Activities Budget.

The Student Senate shall have the Authority to discipline its members for malfeasance, and negligence in the performance of their duties or for conduct which is disruptive behavior at meetings. The Student Senate may censure a member, suspend a member, or propose impeachment to the Executive Board.

In case of impeachment the

following procedure shall be followed. A motion is made to submit evidence to the Senate; the Senate upon examination shall decide if the evidence is sufficient for impeachment. A majority vote shall decide if the evidence is sufficient. If impeachment is voted, the defendant shall be notified immediately and the trial set for no sooner than the next Senate Session. The trial shall provide for the right of the defendant to cross examine witnesses brought up by the accusers, as well as introduce his own witnesses and evidence. The Chief Justice shall chair the impeachment proceedings except when the Chief Justice is the defendant. In such cases, the President shall chair the proceedings. If found guilty, the defendant shall suffer punishment no greater than removal from office.

Section 9

When permanent college wide decisions making structures are proposed for the college, the committee allotted to the student body in general shall be elected from the student body as a whole under the supervision of the President.

Section 10

Students who will serve on such committees of the whole college will be known as Commissioners. The procedure for electing commissioners shall be as follows: All students who wish to participate in such a committee shall submit their names to the President. The President shall select who shall compile a list of all eligible students (i.e., all students carrying at least twelve credits and maintaining a cumulative grade point average of 2.0). The names of all eligible students shall be posted along with a date when those students who shall participate in said committee shall be chosen in a lottery drawing of their names. The Secretary shall place the names on slips of blank paper and these papers shall be placed in a container. The Vice President shall draw from the container those number of names necessary to fill positions of the C.W.C. Vacancies on C.W.C. shall be filled following the same procedure as above. The commissioners shall have a term of office for the life of the committee. Student Senate members shall not be excluded from serving on these committees of the whole college.

Section 11

The term of office for each Senator shall be one calendar year. The Student Government Association shall elect the Senator on or before October 15th of every year within the fall semester. Procedures for the election shall be set by the Student Senate with the assistance of the office of the Director of Student Activities. Candidates for the positions of Senator must be members of the Student Government Association carrying at least twelve credits each semester and maintaining a cumulative grade point average of 2.0.

Section 12

The Controller, the Assistant Controller, together with a committee of three Senators, shall serve as a finance committee. The

finance committee shall be chaired by the Controller and shall present the Student Activities Budget to the Student Senate.

ARTICLE V

Judicial Authority

The Judicial powers of the Student Government Association shall be exercised in the Student Faculty Discipline Committee.

The Chief Justice shall be elected by the Student Government Association at the same time and in the same manner as the Executive Board of the Student Senate. The term of office for the Chief Justice shall be one calendar year. Candidates for the position of Chief Justice must be members of the Student Government Association carrying at least twelve credits per semester and maintaining a cumulative grade point average of 2.0. The Chief Justice is liable to impeachment by the Student Senate along with the four Associate Justices. In case the Chief Justice is unable to perform his duties due to illness, resignation, or impeachment the President of the Student Government Association shall appoint, with the advice and consent of the Student Senate, a student to fill said position.

Section 3

The Student Faculty Discipline Committee shall be composed of the Chief Justice, four Associate Student Justices, two Associate Faculty Justices, and an Associate Administrative Justice. The four Associate Student Justices shall be appointed by the Chief Justice with the advice and consent of the Dean of Student Affairs.

The two Associate Faculty Justices shall be appointed by the Dean of Student Affairs with the advice and consent of the Faculty Senate. The Associate Administrative Justice shall be appointed by the College Administration with the advice and consent of the Dean of Student Affairs.

Section 4

The term of the four Associate Student Justices shall be one calendar year and shall expire with the term of the Chief Justice who appointed them unless they are reappointed. The term of the Associate Faculty Justices shall be one calendar year and shall expire with the term of the Chief Justice who appointed them unless they are reappointed. The term of the Associate Administrative Justice shall be one calendar year and shall be renewable at the discretion of the Dean of Student Affairs and the Faculty Senate. The term of the Associate Administrative Justice shall be one calendar year and shall be renewable at the discretion of the College Administration and the Dean of Student Affairs.

Each Justice shall have one vote. A majority vote decides all cases. A tie vote shall place the matter under consideration within the jurisdiction of the Dean of Student Affairs who will decide all cases which result in a tie. In the latter case, the President of the college shall act as the appellate body.

(Due to the length of the student Government's Constitution, sections 4, Article V, VI, VII will be published next week.)

Track Season Starts

Essex County College's 1970 track season officially starts April 1. Already many of E.C.C.'s finest athletes have been recruited to go forth and bring glory to the wolverines.

Many of these athletes are out to defend or break the Garden State Athletic Conference records they set during the 1969 track season. Some of which include Jim Hill, who set the broad jump and 100-yd. dash records; William Jefferson, who set the 220-yd. dash and 440-yd. dash records; and Vincent Godfrey, who holds the discus and shot put records.

Although the track team of this season will be similar to last season's, Coach Freedman said, "We can do much better this year even though we tied for third place last year."

Last year's track team was plagued by illness, poor performances on the part of some athletes, but the most substantial problem was the lack of facilities and no REAL TEAM PRACTICE. Because ECC doesn't have a track or field of its own, the runners

must use the other tracks and fields that are scattered about the city. However, team practice seems to be the major problem, because a runner on his own has to practice twice as hard to achieve approximately the same amount of work during a team workout.

Even with the problem that the green and gold center runners are to bear during the season, it seems to inspire them to work all the harder, which last year ended in a tie with one of Maryland's finest junior colleges, Catoctin Community College. In the 1969 Region 19 Championship, also during that championship meet, many of ECC's present records were set. Some of those records were:

1500yd dash Hill 10.3
220yd dash McCogan 22.6
220yd curve Jefferson 23.2
440 dash Jefferson 52.1
440 hurdles Natush 64.3
High Jump Groundman 5' 5"
Javelin Altman 139'4"
Shot put Godfrey 106'7"
Discus Godfrey 106'7"

With the same inspiration and determination this year, ECC can look forward to a very successful 1970 track season.

Wolverines Bow In Championship 92-89 Finish Season 16-13

Although the green and gold dribblers of ECC fell far short of the 72-2 mark predicted by the ECCO sports department at the beginning of the basketball year last December, the team did however bring home some very important honors this year.

Essex County College's debaters were named the Northern Garden State Athletic Conference Champions, and were to play the Atlantic County College, the southern G.S.A.C. champions, on Tuesday, March 3, 1970 in the G.S.A.C. Playoffs. Then on Thursday, March 5, 1970, our basketball team traveled to Brandywine College in Wilmington, Delaware, to play in the District 19 Junior College Tournament, against the County College of Baltimore.

Highest scores in the games were Aaron Stewart, Phil Harrison, and Jerome McGee, and with the help of the other members of the team, they made a very respectable showing in both games.

During the two games, Aaron Stewart accumulated 59 points, which boosted his total number of points to 570 for the season. Harrison finished the year with 482 points and McGee finished with 372 points.

With potential such as these players and those of the future years of ECC, we will look very dangerous come next basketball season.

At this time, we of the ECCO staff, wish to say to all our players during this year, "Well done, fellow!"

ECC Grapplers Finish Bonafante Stars

During the course of last fall, ECC acquired a new sport in which was added to its agenda, wrestling.

Many of ECC's grapplers were high school grads and some were even district and state champions. The coach of the first wrestling team was Mr. Gerald Freedman, who it was known ECC for his work as track and field coach last spring.

Mr. Freedman was quoted saying this about last season's team: "If we discovered one thing, it was that we had the potential to be a powerful wrestling team. It takes a great deal to convert a high school wrestler into a college wrestler."

He went on to say, "Doing an outstanding job was Robert Bonafante, who took a third in the Region 19 tournament. An outstanding wrestler who could wrestle at 138, 167, or even 190, was Michael James. Given the time, Michael could be of championship caliber. Charles Burton was won down from 210 to 177, proved strong and knowledgeable. Another boy who shows promise is Stan Wilkes. Stan is knowledgeable, but lacks the confidence that another year will bring. I wouldn't be surprised if Stan makes the finals of next year's wrestling tournament."

One team was plagued with its own small problems which kept most of the boys far below their potential. Some of those consisted of limited mat space and scheduling difficulties.

Overstanding in their weight classes were 136 Stan Wilkes, 142 Tom Hawkes, 150 Frank Buchanan, 158 Michael James, 167 William Barnes, 177 Charles Burton, Heavyweight Robert Bonafante. Other members of the team who contributed their efforts were: Carmen Galda, Joe Buchanan, and James Daniels.

Congratulations to the members of the team and coaching staff.

ECC Sluggers Open Season April 1st

Baseball started in ECC as a club last spring, but this year we have a full fledged baseball team.

The coach of the first year varsity baseball squad will be Mr. Robert "Rocky" Warfield.

Mr. Warfield is a member of a physical education faculty at Clifford Scott High School. He has an excellent record as a high school and college baseball player and some experience as a professional player-coach.

Some of the players he will be training will consist of such names as: Mullen, Walsh, Campa, Cusack, Clemons, Vivas Adams, Griffin, Natush, Brown, Fessenden, Stewart, Cammaro, Farnas, Pilsen, Guzzino, Percha, Buchanan, Schwartz.

Some of these boys were on the first baseball club, which had a very successful first season. But with the experience of coach Warfield and the power of his hand having players, ECC's baseball team will bring home as possible championship.

Aaron Stewart

Phil Harrison

Jerome McGee

1970 TRACK SCHEDULE

Date	Opponent	Time	Place
Wed., April 1	South EC		Away
Wed., April 8	Garden CC (FC)	1:00 p.m.	Away
Sat., April 11	States Island & St. Francis (FC)	11:00 a.m.	Away
